Some have smiles, some have frowns, but they enjoy DHS students every day they're around and we enjoy them, we think? STUDENT · LIFE

Fads and Fashions

What was in in '86

We all went back in time and put on cropped pants, flowered jeans, long skirts, stirrup pants and mini-skirts.

To update the looks we donned huge shirts, preferably dad's, flowered or paisley prints; we tried long socks over our crop pants, low heeled pumps, wrestling shoes, deck shoes, Tiddies, to wear with our jams, Air Jordans, Reeboks, and ribbons for shoe strings, of course. The 501 Blues with the button fly never went out of style and they came out with black denim for both jeans and jackets. A new style, for guys, this year was the "Don Johnson" look consisting of baggy pants, a jacket to match and a sloppy T-shirt. Ribbons and bows were everywhere, and from head to toe we looked pretty wrapped up. To top off these looks hairstyles were versatile and bobs and kinky perms were very popular. Mousses and washout perms along with hairpaints sold like crazy. Swatch products were another big seller, watches, bags, shirts and every other accessory. Cartoon characters made their appearance on T-shirts with Gumby and Poky, the Jetsons and the Flintstones.

To get a head start or to keep that tan going over the winter, tanning boothes were crammed full of people. Health spas were popular and after tanning, shedding off those extra pounds was the thing to do.

Happenings around the world this year were big events and the one that struck closest to home was the destruction of the Space Shuttle Challenger. The catastrophe killed seven astronauts one of which was the first civilian in space, a third grade teacher, Christa McCullough, the other six

hands were not as common on the other side of the world as terrorists attacks were forced on many countries. Here in America, attacks were made on the American public with contaminated milk, beef, medicines and glass in baby foods.

Celebrities were in the news as hundreds of singers sang in U.S.A. for Africa. Rock Hudson was found to have AIDS and died within a short time of being diagnosed as having the disease. Clint Eastwood was elected Mayor of Carmel, California. Prince Harry became the third in line for the throne, he was the son of Prince Charles and Princess Diana. Prince Andrew also made the news as he became engaged to a redhead nicknamed Fergie.

Sports wise, the University of Oklahoma took the national Football Championship from Penn State by a score of 24-14. The Chicago Bears Super-shuffled into the Superbowl to take the NFL Championship.

were: Commander Francis Scobee, Michael Smith, Judith Resnik, Ronald McNair, Ellison Onizuka, and Gregory Jarvis. America came to the rescue of the families by setting up trust funds for the children. This was a year for helping others. There was U.S.A. for Africa. Band Aid continued help for the cause while Farm Aid was developed to bring relief to the farmers of America. Also striking close to home were the Phillips and TRW lay-offs which were a result of dropping oil prices.

As Mexico was struck by an earth shattering earthquake, America chipped in with a helping hand to get them started rebuilding. Helping

DHS Students Share Their Hobbies

Some people think it comes naturally but it takes practice practice, practice and sweat, blood and sometimes tears.

The HOBBIES PAGE was designed for the students who do extra activities outside of class, and do not receive proper recognition for their talent. They *work* hard long hours to become the very best they can. It takes a lot of potential and desire to overcome the obstacles that stand in their way. These students deserve credit for their talents. Listed on the following page are SOME of the special students at DHS. The Yearbook Staff wishes the very best of luck to these students.

It Takes Talent

MARY SWEARINGIN — Mary has been swimming for the Phillips 66 Splash Club. The team she works out with practices three times a week. Mary likes the "weights" day working out in the weight room, because of the fun they have playing pranks on each other. Weekends are kept busy by going to swim meets in the area. Mary says that swimming is time consuming, but well worth the hard work. "I don't swim for ribbons as much as to beat the clock."

KELLY THOMAS — Kelly has been swimming on the Phillips 66 Splash Club for three and a half years. On the weekends Kelly goes to swim meets in Kansas and here in Oklahoma. She enjoys traveling because she likes to meet new and interesting people. "Swimming is a lot of fun and good for your health." To Kelly, swimming is a challenge and beating the clock is her main goal.

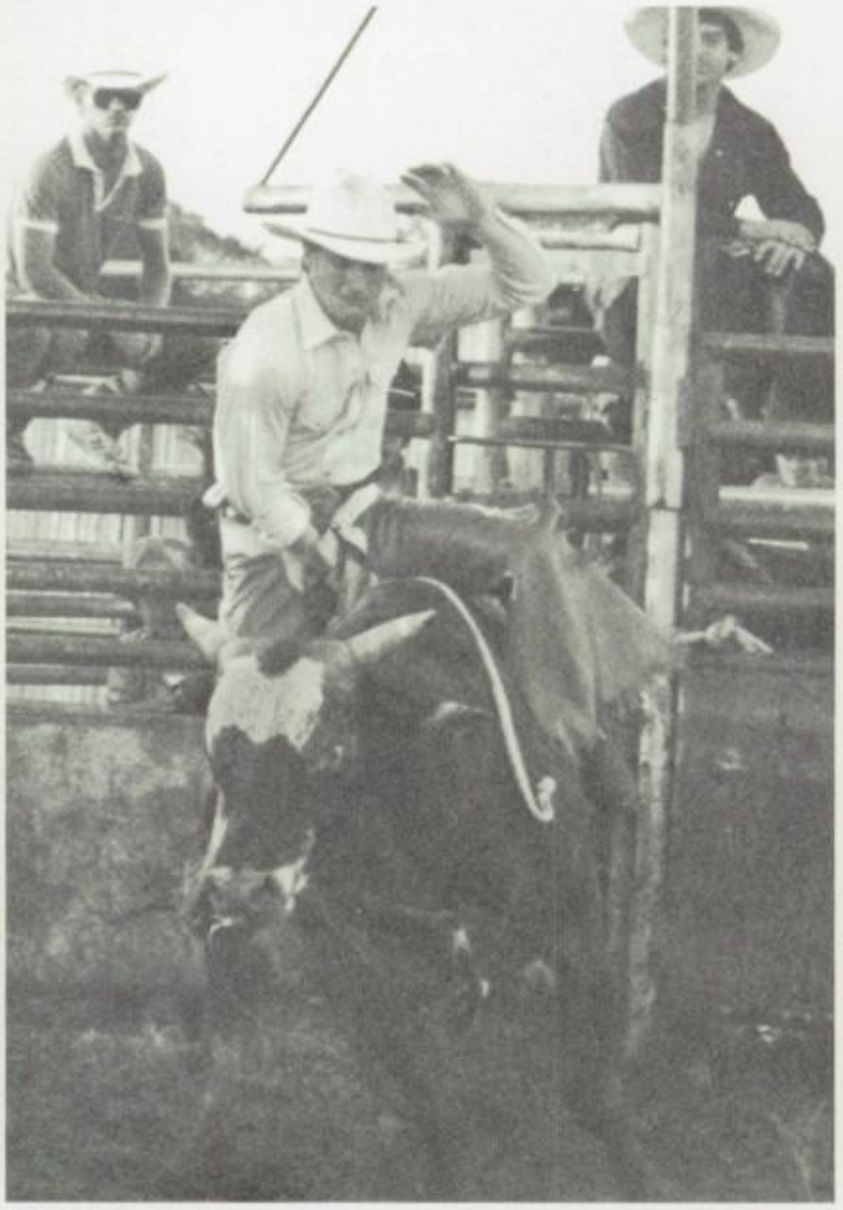
SHANE TIBBETS — Shane feels he owes his start in rodeos to his father. Shane is riding bulls, but he would like to ride bareback and saddle bronc horses. So far, he has competed only for money, but he would like to start competing for awards. Good Luck Shane!!!

WENDY BALDWIN — Wendy has been in ballet for the past twelve years. She is a member of the recently formed Bartlesville Civic Ballet Concert Group, a group made of six dancers who represent the BCB. This group performs once or twice a month for various organizations upon request. This group was formed to give the dancers a chance to get more performing experience and a chance to demonstrate to others that ballet, modern dance and jazz are exciting to dance and watch. Wendy plans to carry on with her dance throughout college and possibly make her dance into a career, but for now she will just enjoy dancing in her spare time.

BARBARA CONNER — In 1984 Barbara began barrel racing at horse shows in the area. Barbara's dad then bought her a new horse, Miss Unlimited, which she trained and started competing at rodeos to win money. Recently, Barbara has won the 4-H Districts and also took first at the State Show held in Oklahoma City. After winning there she went to Jackson, Mississippi and took 16th out of 76. Barbara's goal is to be the World Champion barrel racer. Good luck Barbara!!

KRISTIN TURNER — For Kristin, playing the piano is a way of helping others. She enjoys being the church pianist and helping with the school choir. One of the major highlights in Kristin's music career was playing for a wedding at the age of nine. Another was playing at Tyrell Hall at Tulsa University and being chosen to accompany the 100 voice district choir at ORU. She was also chosen a member of highest praise at Ozark Christian College.

DON SCHOOLER — Don has drawn since he was very young. He learned during his last years of elementary school that he wanted to pursue his art hobby. Don has consistently won ribbons at the Dewey Free Fair. He has displayed art at the Bartlesville Community Center the past two years. He has also sold several pieces of artwork. Don has decided to major in advertising, through graphic art, in college.



Special Clubs of DHS

Dewey has a lot of organized clubs, but there are also those silly little clubs formed between friends. Take for instance *The Round Boys,* known not only in Dewey but notoriously in Copan, Bartlesville, Nowata, Delaware, and anywhere in a 50 mile radius. Next comes the *Rad Red Car Club.* This club is for those students who drive cars the color of their school. Below are listed some of the other clubs that can be found at DHS.

The Bleach Blonde Club — This club is for those who know blondes have more fun and decided to join the party.

The Brownnosers Club — This is an association of people who do special things for their teacher of their hardest class. I think these people know who they are.

The Miss Clairol Club — This club was designed for the people who changed their hair color for a new look.

The Crash and Burn Club — If you've wrecked, dented, or totaled your car or someone elses you can be a member of this club.

The Jester Club — For those who are constantly telling jokes and keeping DHS in stitches.

The Mooch Club — These people always come begging for gum, candy, or anything else you have.

The Picnic Club — This club is for the Yearbook staff who hold picnics on sunny days in front of the yearbook room.

The Playboy Club — This is an organization for the studs of DHS who flirt with all the ladies.

The Shades Club — These are the people who wear sunglasses to every class and are never seen without them.

The Untied Shoelace Club — This club should need no explanation.

In drama this year we have learned a lot of different methods to make our acting seem real. We have performed two small plays and are putting together another. This play consists of what is really going on behind the scenes at Dewey High School. Please do not miss the last episode for the 1985-86 drama cast.

The 1985-86 Dewey High cheerleaders worked hard not only during the summer, but during the week and late nights to develop an outstanding squad. While attending OU camp they received many awards, including three superior ribbons and two excellents. During the year the H.S. cheerleaders taught the Jr. High cheerleading clinic and helped with tryouts. They also served at the 1986 All Sports Banquet.

Cheerleading requires hard work, dedication, and co-operation. This squad had the ability to work together and still have many good times. These six have strengthened their friendships through this year of cheering and have made many memories that will last a lifetime. Thanks to Debbie Guthrie for all her support!!

The 1985-86 FHA Banquet was a big success. The theme was "Hang On To Your Dream" and the colors were pastel. After we ate, we were entertained by a song, and then Mr. Mackey delivered a speech. Following, we conducted our own version of the Newlywed game, only we called it "The Oldyweds Game!" It was hilarious! The highlight of the evening was the presentation of the 1985-86 FHA Beau Candidates. Stacy Sears was the winner. Then came the installation of the 1986-87 FHA officers as the 1985-86 FHA officers stepped down, receiving awards for their accomplishments during the year. The evening ended with Tammy Reese singing "The Rose." A big "THANK YOU" to Mrs. Hamilton for all her hard work in making the first annual FHA Banquet a huge success!

This is hard work??

Stage Choir takes five!

All systems were go when it came to a trip to Nashville, Tennessee to compete in the Heritage Festival with other choirs from around the nation! Choir forces seemed to move heaven and earth for the funding of the trip. The united feeling as each singer pulled together as one, was magical! All the hours of hard "perfect making" practice seemed like a second as nerves found everyone at a loss of words! But once on stage nothing could interrupt the mind's focus on the words, movements, and exact pitches to be found during each song. The choir was a success!

Practice makes perfect! (But at 7:30 a.m. three days a week??)

Doggers Have a Disappointing Season

Rich makes a stick!

Hey guys, is it break time?

Come on Kyle NOW!

Darin holds off an offender.

The 1985 football season was filled with controversy. The installation of a new eligibility rule and the lack of a consistent starting line-up (due to rule) provided a "roller coaster" season for the Bulldoggers. Hit hard by graduation, the Doggers put forth a good effort in '85' which produced a 4-6 record. A 55-29 season finale victory over Oologah saw the Doggers produce 514 yards of offense and ended the season on a winning note.

Adios Amigos!

The Freshman Bulldoggers ended their season with a 4 and 4 record. The record itself doesn't tell the excellent job the freshmen did. They began the season with a victory over Chelsea, but then dropped three to Nowata, Pawhuska, and Vinita. The team really couldn't get it all together because of the different personnel that was eligible each week. This prevented the team from getting their offensive team to come together. Finally at the end of the season the team picked up three wins to finish off the year.

Dewey is proud to be home of the 1984 and 1985 State Softball Champions. The team coached by Phil McSpadden added another member to the winning staff Coach Barry Damrill.

The Doggers had a great season and "winning" became a common word in Dewey's vocabulary, but to the Lady Doggers, it was not the most important.

The word "team" was predominant and "work" too, was mentioned frequently. These two words together formed the winning combination. Teamwork is what kept our Ladies on top.

Out of High School and Into the Future

A night anticipated for 12 long years had finally arrived. The high school gymnasium fell silent on May 15, 1986 at 8:00 p.m. as the crowd stood to honor the seniors at the 74th annual Dewey High School Commencement Exercises.

The hot and humid weather only added to the excitement felt by each and every one of the 84 seniors as they slowly walked in to the band's version of Pomp and Circumstance.

Rhonda Russell handled the invocation and Christy Ford did the Scripture reading. The Salutatorian, Coy Strate, delivered his address to the class just before the 1985-86 band members assembled once again to perform together for the last time.

Following the band's final tribute, Shawn Vaverka, the Valedictorian, gave his farewell address. The class officers then reviewed the year in which each student became a member of the 1986 graduating class.

The excitement was running high as Dewey Superintendent, Paul Smith, presented the seniors to the Board of Education, whose president, Linda Powell, awarded the diplomas. Then, Jennifer Taylor's words of parting touched us all as she delivered the benediction.

As the final AMEN was said, a cheer arose from the graduates, and caps filled the air. After the final goodbyes were said and the tears were all shed, the graduates celebrated with their families and friends. After 12 years of hard work, these young men and women stepped out of high school, and into the future.

Happiness Is DHS

Cindy and Paige share a smile or two.

Donna saying "hey" to all the awesome juniors out there.

Paula, Shelly, and Carolyn . . . the three stooges???

What does Robby have against Daron?

Lisa and Jimmie seem "extremely" happy!!!

"That face, that cover-girl face."

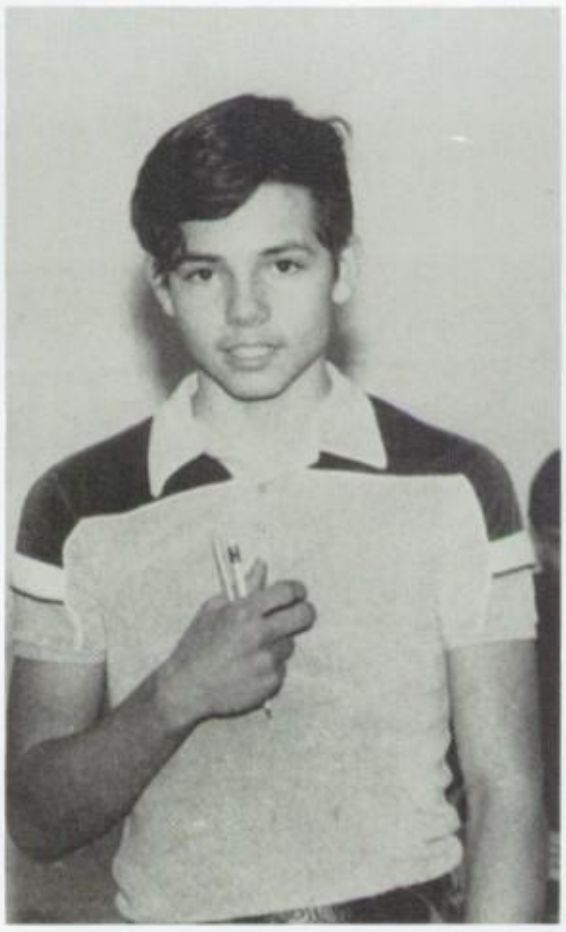
"Tree" with her usual smiling face!!

DHS Candids

I wanna be your cowgirl.

The 1986 seniors show their spirit.

Ok Sherri, what are you up to now?



Don't look at me, I didn't do it.
